

Kanssakulkijat (Fellow Travellers) Hand Puppet Mittens

Children living in crisis areas often need something warm to wear and something to cheer them up. These mittens can be used both as hand puppets and as warm mittens. The author wishes that you make at least one pair of Kanssakulkijat mittens for children located in crisis locations. Let's help those in need together.

Crochet Pattern and Abbreviations

The mittens are primarily crocheted with single crochet stitches. All stitches are always crocheted into the back loop of the previous row's stitch.

sc = single crochet
 sc2tog = single crochet the next 2 stitches together
 inc = single crochet 2 stitches into next stitch
 ch = chain stitch
 sl st = slip stitch
 st = stitch, stitches

Size, Hook, and Yarn and Supplies

2.5-3 mm hook = children's mittens
 3.5 mm = adult mittens

Choose yarn suitable for the hook. For children's mittens, about 50 g of DK weight yarn (100 g = 260 m) like Novita Nalle. For adult mittens, about 80 g of Aran weight yarn (100 g = 200 m) like Novita 7 veljestä. Leftover yarns are also suitable as long as they match the hook size.

Additionally, you'll need scissors, a darning needle, and a button.

About the pattern

The mitten is crocheted from the cuff to the tip. The thumb gusset is crocheted on the side of the mitten, allowing the mitten to be worn on either hand.

The decreases for the tip are made as the star decreases. To allow the mittens to be attached to each other, a yarn loop is crocheted at the end of one mitten, and a button is added to the other.

Adult mittens are made using the same pattern as children's mittens. Add an additional 4 rows for the body and 3 rows to the thumb length to make adult size.
